Connect it.  
Turbo Mouse  
Accessories!**

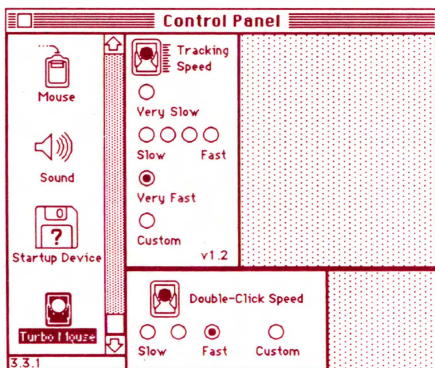

## Work at your own pace with the Turbo Mouse Custom Control Panel!

Customize your Turbo Mouse® control panel settings with the Turbo Mouse Custom Control Panel. It offers all the standard Mouse control settings you're used to, plus a "Very Fast" setting you won't find anywhere else. And it offers a "Custom" setting that lets you select cursor and double-click speeds in between the standard Mouse speeds. You can customize a speed between Fast and Very Fast, or even make up a combination of Slow and Fast.

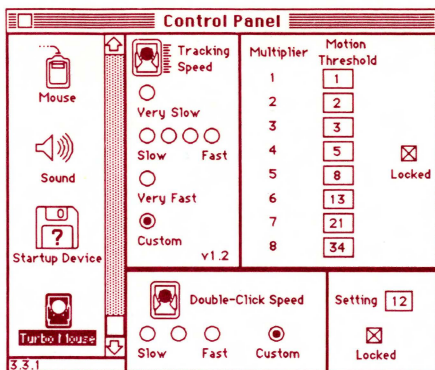

### **Perfect for today's large screen monitors.**

For example, if you're working with a graphics program on a large monitor, you can set your Turbo Mouse to move very slowly for precision work, but also have it respond to any larger motion by zipping across your big screen.

**The Turbo Mouse Custom Control Panel is very easy to use.** Just copy it into your System Folder, open your Control Panel and a new Turbo Mouse icon will appear below the Macintosh Mouse control icon. Just click on the Turbo Mouse icon and make your choices.

Choose a preset speed...

or customize your own!

**The Turbo Mouse Custom Control Panel is just \$15!** Use the order blank attached, or call our toll-free number to order yours today.

## ☐ Don't leave your new Turbo Mouse exposed to the elements!

Protect it from damaging dirt and dust with an anti-static Dust Cover. Made of sturdy vinyl, it's machine stitched for durability. Just \$9.95.

## ☐ Get a little closer to your Turbo Mouse ADB.

Our special 1" long ADB Keyboard Connector lets you attach your Turbo Mouse ADB directly to either side of your keyboard. Just \$9.95.
