//// LASER™ ACCESSORIES

Laser 128® Series Universal Disk Controller

LASER Accessories feature the same quality, performance and reliability that make our full line of Apple® and IBM® compatible computers such a success. These accessories help you become more productive and make your work easier, quicker, and more enjoyable. Because our products are affordable, you can buy the accessory you always wanted and start getting the most out of your LASER or compatible computer today!

The LASER name means more than just a quality product. Because LASER products have been sold worldwide for 10 years, you can obtain parts, service, and answers to your technical questions virtually anywhere.

Here are just a few of the LASER ACCESSORIES that can expand the usefulness of your computer:

External Disk Drives

Add either a 5 1/4" drive or a convenient, high capacity 3 1/2" drive.

Laser 190A™ Printer

Gives your work a professional look with exceptional print quality. Fast draft (190 characters per second) and near letter quality printing in 9 font sizes. ImageWriter® compatible.

2400 Baud Modem

Transmit and receive data via telephone with this Hayes®-compatible modem.

Monitors And Monitor Stand

Deliver crisp, clear display. Choose from Laser's affordable 12" green and 12" amber monochrome monitors. Get bold color with our low cost 13" RGB or our high resolution 14" RGB monitors. Mount your choice on the monitor stand for easy viewing.

Mouse

Gives you the ease of point and click operation in programs that use a mouse.

Self-Centering Joystick

For games requiring fast hand/eye coordination.
