

UNLEASH THE POWER.TM

**NEW! Apple II Products
from Beagle Bros.**

GET A NEW LE

Beagle Unleashes Five New Products!

*The
Telecommunications
Solution for
AppleWorks Users!*

\$69.95

TimeOut TeleComm™

TimeOut TeleComm links AppleWorks to your modem. Now you can log on to your favorite information service right inside AppleWorks! TeleComm is simple to use, and since you stay in AppleWorks, there are no new editing commands to learn! You can even capture text directly into an AppleWorks word processor file.

TeleComm's flexible text sending features allow you to send any word processor file on the desktop. Keep your commonly used phone numbers in an AppleWorks database and TeleComm will dial the number for you. TeleComm can also send your login sequence when the connection is made.

TeleComm's wide selection of file transfer protocols insures you are supported by all information services. Operation can be set at speeds ranging from 300 to 19,200 Baud.

TeleComm supports all Hayes compatible AT command set modems and virtually all interface cards.

*Makes AppleWorks
a Powerful
Business Tool!*

\$79.95

TimeOut ReportWriter™

TimeOut ReportWriter is a relational report generator that turns AppleWorks into a powerful business tool. Invoices, billing forms, accounts receivable and accounts payable statements can be easily created. Teachers will love the flexibility of ReportWriter to create customized attendance records, report cards and form letters.

ReportWriter can use information from up to 11 data base, spreadsheet and word processor files at once. With 250 different categories and unlimited totals and sub-totals, ReportWriter gives you extremely comprehensive reports.

Gain total flexibility in your report design with ReportWriter's 240 column editor. Your reports will print out exactly how they look on the screen. You can easily create customized reports that fit perfectly into existing forms, print your mailing labels in multiple columns and a lot more.

Point-to-Point™

*The Professional
Communications
Program!*

\$99.95

FLASH ON LIFE.

Point-to-Point, the award-winning Apple II communications program, is now published by Beagle Bros. InCider magazine voted Point-to-Point the "All Time Best Telecommunications Program" in 1988.

Simplify your communications with Point-to-Point's menu selectable features. And with the power of Point-to-Point's macros, you can completely automate your communications. Pre-set Point-to-Point to call any time you like, and Point-to-Point will dial, send or capture text, and then log off by itself.

Save money with Point-to-Point's elapsed time display feature. This handy function lets you know how long you have been on line.

Point-to-Point works on the Apple IIe, IIc, IIc+, and IIgs, and supports all Hayes Smartmodem-compatible modems, Hayes Micromodems, and the Novation Apple-Cat II.

*The Indispensable
Basic Programming
Utility!*

\$49.95

Program Writer™

If you thought GPLE was good, you'll think Program Writer is fantastic! Program Writer's full screen editor makes writing Basic programs as easy as using a word processor. Edit anywhere on the screen. There's no need to continually re-list the file and trace over lines. You can even use the mouse to move the cursor!

Program Writer adds all these powerful functions: Insert, Delete, Find, Search, Replace, Cut and Paste. And with Program Writer's Auto-number and Re-number commands, you'll never need to enter another line number again! Program Writer's macro capability lets

you enter commonly used strings like "PRINT" or "GOTO" with one key press. It's like adding function keys to your Apple! Program Writer works on the Apple IIe, IIc, IIc+ and IIgs in both DOS 3.3 and ProDOS.

***Design your own
IIgs System
Fonts!***

\$49.95

GS Font Editor™

Now you can customize the fonts used by your favorite IIgs word processor, page layout, and graphics programs. You can also edit the fonts used by Beagle Bros' TimeOut SuperFonts and TimeWorks' Publish It!

While you are editing, GS Font Editor displays each character in normal, underline, italic, outline, boldface, and shadow styles. Have fun creating foreign language fonts or designing customized picture fonts of anything you can imagine.

GS Font Editor can also scale your fonts from one size to any other - up to 127 point in size! Best of all, GS Font Editor is mouse-driven, so it's fast and easy to use. GS Font Editor works on the IIe, IIc, IIc+ and IIgs.

**UNLEASH
THE
POWER.**

The TimeOut Series of AppleWorks Enhancements.

TimeOut Thesaurus: \$49.95

Find the perfect word to express your thoughts. Thesaurus, with its 45,000 word dictionary, displays synonyms and adds the replacement word right to your document with no typing.

TimeOut SuperFonts: \$69.95

Everybody will think you own a Mac when you print with SuperFonts! Print from AppleWorks with fancy fonts and graphics. Comes with 47 fonts and a free Paint program!

TimeOut Graph: \$89.95

Create ready-to-print graphs, complete with titles, borders, legends and more. Just choose one of the 9 graph types you want and it appears instantly. Also includes free Paint program.

TimeOut UltraMacros: \$59.95

Automate AppleWorks with this ultra-powerful program. Never retype repetitive information again. Record your keystrokes as you go, and then play them back — up to 4,000 at once!

TimeOut SideSpread: \$49.95

Print your Spreadsheet and Data Base files sideways — right inside AppleWorks! SideSpread can print all or part of your file in a wide variety of fonts and print qualities.

TimeOut SpreadTools: \$59.95

This collection is a must for every Spreadsheet user: scan for errors, track cell references and link cells from different Spreadsheets into a master Spreadsheet!

TimeOut QuickSpell: \$69.95

The fastest spell checker around! With its 80,000 word dictionary, QuickSpell is the perfect electronic proofreader — never be embarrassed by a spelling mistake or double word again!

TimeOut DeskTools: \$49.95

Add a calendar, note pad, four-function calculator, clock, file encrypter, case converter and telephone dialer to AppleWorks. All these basic conveniences — and more — in one package.

TimeOut DeskTools II: \$49.95

More AppleWorks tools our customers have demanded: a scientific/financial calculator, area code finder, file searcher, screen saver, disk tester and stop watches. Something for everybody.

TimeOut FileMaster: \$49.95

Never leave AppleWorks again to use a disk utility program. Copy, rename, lock and unlock files. You can even back up and compare disks with FileMaster's easy-to-use interface.

TimeOut PowerPack: \$49.95

A fantastic collection of TimeOut applications: make your own help menus, create a Data Base of all your files, triple your clipboards and triple your desktop files. Plus 6 more applications.

TimeOut MacroTools: \$25.00

More macro files: auto-save files at preset intervals, change the AppleWorks' bell, eject disks, and create your own custom menus. Plus many more amazing macro feats! Requires UltraMacros.

TimeOut MacroTools II: \$25.00

Even more macro files: print Word Processor files in 2 or 3 columns, type directly to the printer, simulate more Data Base categories, reset the date, and many more. Requires UltraMacros.
