DOS 3.3: Loading it on a Profile or Unidisk 3.5

=====

Nortic Software at (402)-466-6502 has a program called PROFIX that allows you to place DOS 3.3 on a ProFile and Unidisk 3.5. PROFIX works on both the IIe and IIc and allows multiple DOS volumes to range from 143-400K on each drive.
