Masters ^{OF} THE Galaxy

Reading Skill Adventures with

Masters OF THE Galaxy

On his way home from battle in another star system, Galaxor, the mightiest of all Masters, neared the ruined star based capital of Orin. Unknown to Galaxor, the Evil Lords had shattered the city of his birth during his absence. Only he could save the remaining star base from further destruction, yet, for him to succeed, he must call on the mystical powers of the Masters of the Galaxy.

"Forever we will be strong," said Galaxor as he cried in distress, "but which Master has broken the bond of loyalty to aid the Evil Lords in destroying this city?"

This quest and ensuing adventure of the Masters of the Galaxy will hold the interest and imagination of today's grade-school children. Now it is available as a valuable learning tool for parents and educators of children in grades 2 through 6.

As in the pre-school adventures, this easy to use story software has advanced levels of learning that include the following unique features.

1. Multiple vocabulary levels that utilize challenging new words.
2. Decision-making and interaction with the story.
3. Self-paced reading levels.
4. Easy to use software, special character sets, and entertaining graphics.
5. Key word editing for your child's specific needs.

As a motivation for learning, this story series will capture the imagination and interest of children, yet, provide necessary tools for reading, vocabulary, and comprehension skills.

Required: Apple II+/Apple IIe 64k memory 2 disk drives.

Optional: Color TV/Monitor game controller.
